SECOND FARAD SWAP-BACK REQUEST PERIOD HAS ENDED!

We thank our contributors for taking part in this round's request period! The demand has been overwhelming.

We are pleased to announce the second swap-back request period has now been closed.

The amount received as of GMT 02:07 21st March 2018 was over 25 mil FRD but we are only accepting the first 16,666,667 FRD, which is the maximum number of FRDs for this period.

Any FRDs received above the 16,666,667 FRD will be returned to the wallet of origin. Please refrain from sending anymore FRD into the wallet, since we will NOT be sending back the FRDs we received after GMT 03:00
